

NIPCO GAS LTD.
...partnership that energizes Nigeria

CORPORATE SOCIAL RESPONSIBILITY POLICY

*Integral to **NIPCO Gas Limited** Business Plan is the objectives to be the preferred partner for the communities in which we operate. Our investment in community programs demonstrates our commitment to improving opportunities and living conditions in host communities. We are committed to making a positive social investment in the area of health, education and infrastructure upgrade.*

The Company Shall:

- **Undertake** consultation with the host communities to assist in identifying projects and actions that could impact positively on the populace.
- **Adopt** the identified projects and facilitate seamless ways of implementing them.
- **Promote and provide** the means for effective engagement of host communities about issues that affect them and to ensure that relevant project information is disclosed and shared in a timely and transparent manner.
- **Ensure** that the complaints (real or imaginary) from the company's intervention in CSR projects are resolved to the satisfaction of the parties.
- **Identify** local and indigenous communities and the manner in which their traditional cultural heritage may be impacted by company projects and address potential community and stakeholder concerns.
- **Develop** partnerships with communities, non-governmental organizations and local government to foster sustainable development and enhance economic benefits in host communities.
